

## CS2121B Lab 8

### LAB 8 INSTRUCTIONS

1. Log into OWL and navigate to the Lab Folder (Assignments->Lab8) and download the file **Lab8.pdf**.
2. Complete the tasks outlined in Lab8.
3. Submit the code and the output report in a **zip file** on OWL.

### Exercise

- Debug the hashmap.py implementation and implement the remove method to the class. Report the content of hash table after following statements.
  - `h=HashMap()`
  - `h.add(30,12)`
  - `h.add(30,16)`
  - `h.add(337,12)`
  - `h.add(37,17)`
  - `h.remove(30,16)`
